

THE DOG IS ON THE ROOF

Musica di Giuliano Montori - Testo di John Kruth

The dog, the dog
The dog is on the roof
The dog, the dog
He's howling at the moon

Don't look at me
If you're searching for the truth
The dog, the dog
The dog is on the roof

The cat, the cat
The cat he doesn't care
He's sleeping all the day
In an old rocking chair
High as a cloud
Floating in the air
The cat, the cat
The cat he doesn't care

Look at your reflection
And tell me, what you see?
A dying dinosaur
Or dizzy bumblebee

The dog, the dog
The dog is on the roof
The dog, the dog
He's howling at the moon

The bird, the bird
The bird he found a worm

I wanna kiss your lips
But your mouth is full of germs

Don't look at me
If you're searching for the truth
The dog, the dog
The dog is on the roof

Look at your reflection
And tell me what you see?
A dying dinosaur
Or dizzy bumblebee

The dog, the dog
The dog is on the roof
The dog, the dog
He's howling at the moon

The cow, the cow
She's walking everywhere
Stopping all the cars
And nobody cares
Eating on the sidewalk
Lying in the street
The cow, the cow
The cow, nobody cares

Still The dog, the dog
The dog is on the roof
The dog, the dog
The dog is on the roof
