

THERE'S NO TIME

Musica di Giuliano Montori - Testo di John Kruth

The summer wind
Blows through the trees
Let's take a ride
Just you and me

Oh, I need you here today
But I know what you would say
There's too many things to do
And there's no time

A glass of wine
Your gentle smile
You're in my arms
But now you're gone

Oh, I need you here today
But I know what you would say
Oh, you can't come out to play
There's too many things to do
And there's no time

She got me in her orbit
I begin to swirl
She sad truth or dare now
But I'll never tell

Oh, I need you here today
But I know what you would say
Oh, you can't come out to play
There's too many things to do
And there's no time

Oh, I need you here today ...
